TREASURY OFFERS 13-WEEK, 26-WEEK, AND 52-WEEK BILLS

The Treasury will auction three series of Treasury bills totaling approximately \$30,000 million to refund \$31,177 million of publicly held securities maturing March 1, 2001, and to pay down about \$1,177 million.

In addition to the public holdings, Federal Reserve Banks for their own accounts hold \$7,938 million of the maturing bills, which may be refunded at the highest discount rate of accepted competitive tenders. Amounts awarded to these accounts will be in addition to the offering amount.

Up to \$1,000 million in noncompetitive bids from Foreign and International Monetary Authority (FIMA) accounts bidding through the Federal Reserve Bank of New York will be included within the offering amount of each auction. These noncompetitive bids will have a limit of \$200 million per account and will be accepted in the order of smallest to largest, up to the aggregate award limit of \$1,000 million.

TreasuryDirect customers have requested that we reinvest their maturing holdings of approximately \$997 million into the 13-week bill, \$866 million into the 26-week bill, and \$417 million into the 52-week bill.

This offering of Treasury securities is governed by the terms and conditions set forth in the Uniform Offering Circular for the Sale and Issue of Marketable Book-Entry Treasury Bills, Notes, and Bonds (31 CFR Part 356, as amended).

Details about each of the new securities are given in the attached offering highlights.
